

## WHO WE ARE

Torque Capital is a private equity firm that takes an operational approach to investing in lower middle market manufacturing, niche / enthusiast branded products and supply chain service companies

- We are “hands-on” and serve as corporate / business development resources to our portfolio companies as they look to grow and strengthen their operations and strategic position

We invest in companies that are undergoing change or are at critical inflection points where there are identifiable strategic or operational opportunities on which Torque is uniquely positioned to execute

- We utilize experienced operators to help us expedite our due diligence and identify ways to unlock value
- We typically take control positions in our portfolio companies but have the flexibility to invest in minority and growth equity positions
